Highest quality benchmarks

Our fulfillment center TPnext offers technology-driven benchmark services, starting from a search strategy in 3rd party databases up to and including a final delivery of the benchmark report.

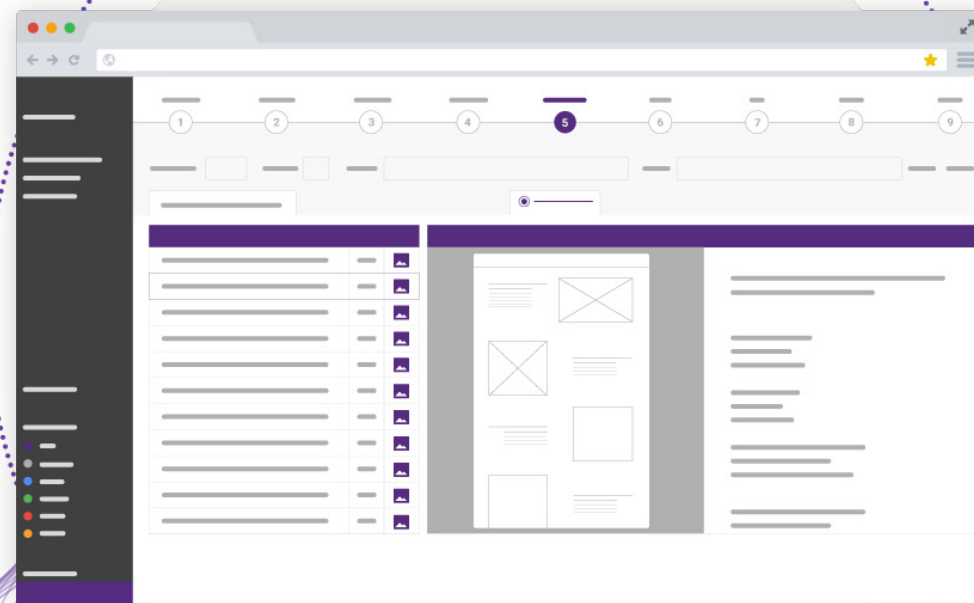

Our TPbenchmark solution enables our team of TP professionals to produce benchmarks with the utmost efficiency and the highest quality.

Build your best defense file at the lowest cost

Our TPnext benchmark service has embedded TPbenchmark, our globally unique benchmarking software, guaranteeing smart, transparent, error-free, consistent, and fully audit-trailed benchmark analyses with the highest level of proof, thereby ensuring protection during tax audits and/or due diligence processes.

Features

- Semi-automation significantly reduces the risk of human error
- Fully-automated audit trails, i.e., proof of the sources and choices
- Replacement of human effort with lower pricing

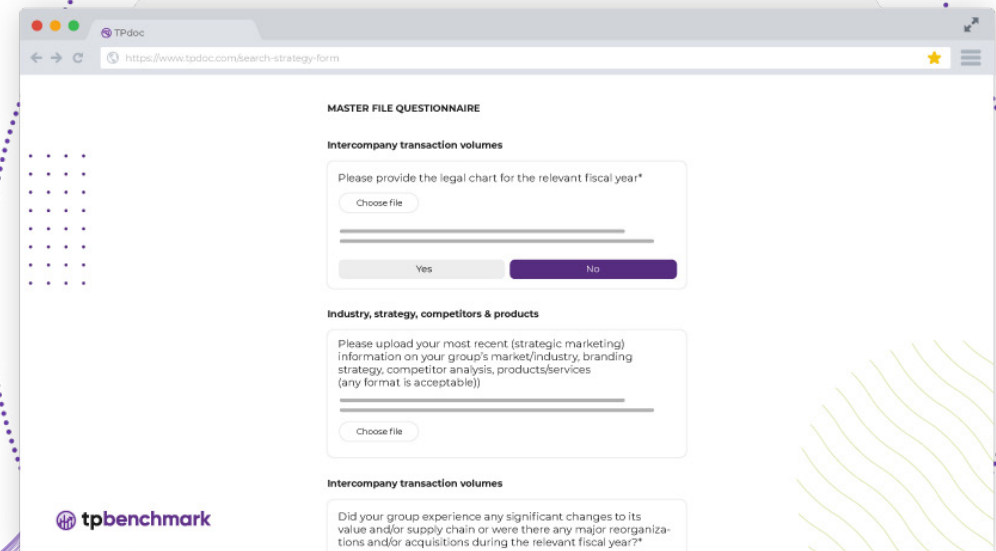

Seeing is believing

By embedding this technology in its service, TaxModel is the only company in the world that can show every step of a benchmark analysis, for full transparency of the value received for the money invested! The activities performed by the TPnext team include:

Services

- Digital search strategy forms
- TPbenchmark displays all 9 steps of the benchmark analysis
- Full reporting and audit trails

Experience our collaborative way of working

Our agile benchmark services are based on an agreed search strategy and rejection parameters (key words). After an agreed time frame, the initial results of our benchmark analysis are reviewed together with the clients, before the final report and audit trails are issued.

Services

- Benchmark analysis starts only after establishing an approved search strategy
- Joint reviews of the initial results
- Finalization report after approval of the final results
- Access to your own TPbenchmark environment (optional)

Get Started

Simplified tax compliance for everyone!

We are here for the tax professionals who are on a mission to scale-up their practices, who hate doing repetitive workstreams manually, who believe in collaboration, want to step up their quality and leverage their resources, and who dare to stand out as innovators.

Over the past 10 years, we have serviced hundreds of clients, ranging from smaller intermediaries to some of the largest boutique firms, law firms, corporate service providers, accounting firms, and multinationals.

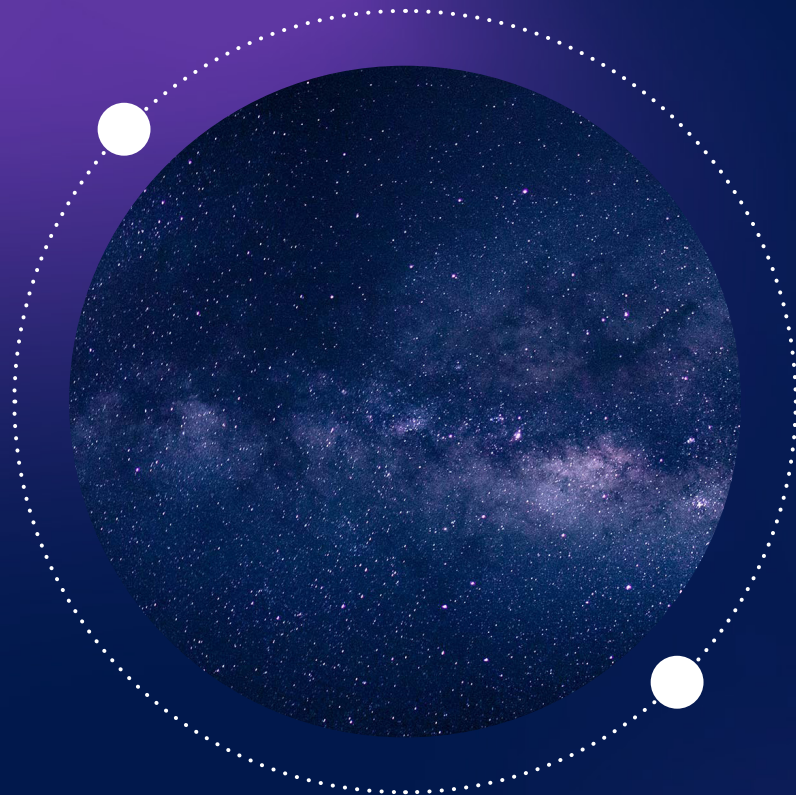

TaxSuite, Making Tax Transparent

We are working towards having a full suite of affordable standardised software solutions for international tax professionals. Solutions that reconstruct the tax concept to make it transparent. How? By showing that tax mechanics are actually

very similar globally and by providing in-house tax support through coaching and by training people to become experts. We continuously focus on increasing business intelligence and transparency by ensuring our technology is beautifully designed, simple to use, and user-friendly.
